Summer Holidays Homework

Session – 2024-25

Class – 1st

Dear Parents

Vacations are the most appropriate time for kids to refresh and rejuvenate themselves, to be creative, to learn new things and performance more enthusiastically.

Children have ample energy which should be channelized in the right direction to get the best out of them. We have designed holiday homework, keeping this in mind. It will build their confidence and new skills.

Hot sizzling summer reminds us of the time, To break free and bask in the warm sunshine.

There's a burst of activities without minding the scorching heat, When friends are making merry and relishing the ice cream treat. So blend enjoyment with learning and introspection, To fetch glory and attain perfection.

“Intelligence is the ability to adapt.”

Knowledge is power and to impart it righteously to our children, we have carefully and meticulously designed the summer break assignment. It aims to create a spirit of enquiry, creativity and sensibility among the learners.

It is vital to enable our learners to foster an outlook that helps them explore, discover and rediscover. Summer vacation is the best and fruitful time for learning and nurturing creativity. A variety of fun-filled activities and worksheets are given to be attempted during summer break. The major emphasis is laid on “Learning by doing”. Attempt the assignments neatly and beautify them by using your creativity.

Summer vacation is the time to learn and enjoy. So spend these holidays creating a nurturing and stimulating environment filled with fun, frolic and learning.

Have A Enjoyable Summer Break! See You All On July 1, 2024.
